CODE OF ETHICS FOR ALL PARTIES IN FIGURE SKATING CONDENSED BY THE MISSION SKATING CLUB

PARENT CODE:

Where does a child learn to be a good sport? At home. By the time a child dons skates or joins a team, a sense of sportsmanship (or lack thereof) is already well established.

- Do not force an unwilling child to participate in sports.
- Teach your child that an honest effort is as important as winning a medal.
- Encourage your child to abide by the rules.
- Never compare your child's achievements to another's.
- Remember that children learn best by example. Applaud good efforts by other skaters as well as your own.
- Do not publicly question or criticize officials, coaches or club members, and never question their honesty.
- Recognize the value and importance of the volunteer. They give their time and resources to provide a club for your child.
- Be supportive.
- Be informed- if you want information- go find it- don't wait for it to come to you.
- Communicate with your child's main coach. If you are interested in lessons from another coach, this should be discussed with your main coach before any plans are made.

Parent Code of Conduct as per skate Canada

Skate Canada is committed to ensuring that all skaters have the opportunity to participate in a safe and welcoming environment that is encouraging and promotes their overall development. Parents have an enormous influence on skaters' experiences in the sport. The quality of a skater's experience is determined by their relationships with parents and the manner in which parents conduct themselves in the Skate Canada environment.

In this code "parents" shall refer to "parents and guardians". This code applies to all parents who are members of Skate Canada or have children who are members of Skate Canada. Parents shall abide by this code at all times while participating in any Skate Canada club or school, competition, or activity.

All parents are expected to conduct themselves in a responsible manner consistent with the values of fair play, integrity, open communication and mutual respect

Parents shall always model positive responsible behaviour and communicate with their son/daughter that they expect them to do the same. Parents will assume the major responsibility for their son/daughter's on ice conduct and attitude.

Parents shall at all times treat all individuals and property with dignity, courtesy and respect, including but not limited to skaters, coaches, officials, volunteers, other parents, and all other individuals that are part of the club, skating school, Section or Skate Canada.

Parents shall refrain from any behaviour or comments which are profane, insulting, harassing, sexist, racist, abusive, disrespectful or otherwise offensive without hostility or violence.

Parents shall emphasize the importance of values like sportsmanship, respect, cooperation, competition and teamwork to their son/daughter offering praise for competing fairly, participation and skill development.

Parents shall model and encourage their son/daughter to maintain a healthy balance between skating and life. (e.g., school, other activities, social life, etc.)

Parents shall set high, but reasonable expectations for their son/daughter's participation in skating focusing on development and enjoyment for the child.

Parents shall instill confidence in their son/daughter's ability and skill development, always avoiding comparisons with other skaters.

Parents shall celebrate the acquisition of skills and goals achieved by their son/daughter.

Parents, along with the professional coach and the athlete, shall be considered members of a team whose main concern is the child's overall progress and development. Parents shall respect that the professional coach is responsible and empowered for the on-ice and off-ice development of the athlete. A parent's role shall be to take a healthy interest in their child's progress and development and be responsible for the child's nutrition, rest, adherence to off-ice training regimen set by the coach or other fitness professional, overall health, life-balance, and moral and emotional support.

Parents shall ensure their son/daughter wears proper skating clothing and equipment.

Parents shall never provide alcohol or drugs to minors in a Skate Canada environment.

Parents shall never provide or advocate the use of performance enhancing drugs or substances.

Parents shall avoid any conduct, which brings their club, skating school, Section or Skate Canada, into disrepute, including but not limited to abusive use of alcohol, non-medical use of drugs and gambling.

Parents shall openly support and uphold this code of conduct policy and take action and steps to ensure other parents follow and uphold this code of conduct policy.

EXECUTIVE CODE:

The successful executive invests more in the well being and interests of its club and skaters than in its record of winning medals.

- Ensures that equal opportunities for participation are available for all children, regardless of gender, age or ability level.
- Respects parents, coaches and skaters input into the planning and evaluation of programs.
- Remember that skating is done for its own sake and enjoyment, downplays the importance of winning.
- Distributes and displays club rules.
- Encourages fair play.
- Praises efforts as well as the winning of medals.
- Promotes good sportsmanship.
- Is supportive of all volunteers- praising the efforts as well as the results.
- Ensures proper coaching is provided, by hiring certified coaches.
- Supports clinics to upgrade and educate volunteers, skaters and coaches.

COACH CODE:

- Be reasonable in your demands on young skaters time, energy and enthusiasm. Remember they have other interests.
- Teach your skaters that the rules of the sport are mutual agreements, not to be evaded or broken.
- Live by the “Skate Canada Coaches Code of Ethics”.
- Avoid “favouring” the “talented” skater. The “just average” skater needs and deserves equal time.
- Remember that children skate for fun and enjoyment and that winning is only a small part of it. Never ridicule, belittle, or yell at skaters for making a mistake or placing poorly at competition.
- Develop respect for the ability of fellow competitors as well as for the judgment of officials.
- Never compare one skater to another.
- Remember that children need a coach they can respect. Be generous with your praise when it is deserved. Set a good example, be a role model, take time to “listen” to your skaters.
- Make a personal commitment to keep yourself informed.
- Cooperate with and respect the executive, parents and your fellow coaches.

SKATERS CODE:

“It isn’t whether you win or lose, but how you play the game!” -Henry Grantland Rice

Skate for the “enjoyment of it”, not to please your parents or coach.

- Obey the rules.
- Control your temper and tongue.
- Work equally hard for yourself and your club mates, your club’s result will reflect your own.
- Be a good sport, cheer for all.
- Treat all other skaters, as you yourself would like to be treated. Don’t interfere, ridicule, bully or take advantage of any other skater.
- Remember- the goals of the sport are to have fun, improve skills and feel good.
- Cooperate with your coach, club and fellow skaters, for without them, you wouldn’t have a sport.
- It takes a good sport to be a good loser, but it takes an even better sport to be a gracious winner!

VOLUNTEER /FUNDRAISING RESPONSIBILITIES

The Mission Skating Club is a non-profit, volunteer organization. Registration revenues and an annual grant from the Province of British Columbia only cover a partial portion of the expenses. If a family chooses to opt out of volunteering, this bond will be applied for payment on Uplifter and due at time of registration. Please email [MSC Registrar](#) if you choose this option. *We are no longer accepting bond cheques at the beginning of the season*
- StarSkate families are encouraged to volunteer a minimum of **2 hrs** throughout the Fall/Winter season; the volunteer bond does not apply to StarSkate registrations.

MSC MUSIC COMMITMENTS

All parents are expected to participate in the music playing for our skaters, whether their child has solo music of their own or not. Figure Skating is a sport that requires music to be played for competitions, assessments and ice shows. Without music our skaters could not attend any of these events. When your child starts taking private lessons it becomes your responsibility to participate in the music playing rotation. You may be requested to play music once a month or more for each session your child skates, depending on the amount of skaters on each session. If your child is older he/she may play the music instead for a session that they do not skate on. Music is played on all sessions, dance, freeski, skills and group development. Our Music Coordinator will set up a rotation schedule. If you have signed up to play and cannot make it, it is your responsibility to find a replacement.

MUSIC BOND

FALL/WINTER 2023/24

- Each family of a private skater will be required to play music on your skaters sessions (on a rotational basis) throughout the Fall/Winter season. Our Music/Buy-on Coordinator will make up a schedule and keep track of each family's music playing hours. If it is determined that a family does not meet the music playing commitments a bond of **\$150** will be due & payable via uplifter, on March 1, 2024. If a family chooses to opt out of music playing, this bond will be applied for payment on Uplifter and due at time of registration. Please email [MSC Music Chair](#) if you choose this option. *We are no longer accepting bond cheques at the beginning of the season.*
- The Music/Buy-on Coordinator will be in contact with all families in September. Music playing schedules, instructions will be relayed.

- Only Coaches can request music.
- Play the buy-on skater music after you have played the regular session skaters. Unless the coach is giving the buy-on skater a lesson, the coach then may request the buy-on skater's music.
- The music player on the last session of the day is required to return the ipad/music binder, to a board member/coach who will ensure it's put back into the Club room.. Lights in the music room (south rink) should be turned off and the door shut completely. Leave the equipment on.

Every private skater, and StarSkaters who have achieved assessments throughout the season (Sept - May) will be awarded for their achievements on this evening. For every STAR assessment passed in each of the 5 disciplines- Freeskate, Skills, Dance, Artistic and Synchro, skaters are awarded Mission Skating Club badges.

We also have a number of special MSC awards that are awarded to particular Skaters who fit the criteria of each award. You can find the awards and the past recipients in our trophy showcase located in the arena lobby.

When a Skater achieves a Gold Test, Skate Canada recognizes the achievement by awarding a certificate and Gold pin to the Skater. The Mission Skating Club is responsible for a special presentation to the Skater at our awards banquet/AGM. The Skater's name and specific Gold Assessment accomplished is added to the "Gold Trophy" in the MSC trophy showcase. Take a look! We have had lots of successful skaters!

Additionally, each year the BC/YT Section/Region take nominations for Section/Region awards. Coaches work closely with the Special Achievement Chair to select and enter nominations where applicable. In the past, MSC skaters have been awarded sectional and regional awards, which is very exciting. If chosen, they receive their award at either the Section or Regional Awards Banquet.

MSC CANSKATE **PROGRAM ASSISTANT RESPONSIBILITIES**

All Mission Skating Club skaters, private skaters or StarSkaters, who are registered, in good standing with Skate Canada, and have reached acceptable maturity and skating ability, are required to be a Program Assistant (PA) up to and including grade 11. A Program Assistant helps Coaches in our club with teaching a successful Canskate program. PA's are expected to commit to a schedule during Canskate session ice time. Being a PA is a rewarding experience for our private skaters, and lots of fun too! The accumulated hours that a PA assists the coaches is recorded by the PA Coordinator, and credits will go towards their following registration with the Mission Skating Club. These hours are also acceptable volunteer/ career hours that are needed for high school graduation. More thorough information is available from the Program Assistant Coordinator. The more skaters, the fewer PA sessions each skater will be required to do per month. Please inquire; we appreciate your help!

GALA INFORMATION

What is a Gala?

Every other year the MSC has an ice show, called Gala. Gala is an evening where the MSC skaters have the opportunity to showcase what they have been working on throughout the season, whether it be their competition solo, or a solo matched to the gala theme. Skaters are also given the opportunity to participate in group routines, organized by the Coaches. A Gala theme is usually decided upon in late fall.

When is Gala? Saturday March 16, 2024

What can we expect?

Preparations for Gala routines usually begin a few weeks prior to the Gala night, after all competitions and tests are complete at that time of year. Coaches will inform you and your skater which group they are in (if they choose to participate), and when their practice times are scheduled. This may be on a day when your child does not usually skate. Showing up for all practices allows for all skaters to practice together and prepare their routine. Older skaters may be encouraged to create their own routines. The coach will inform you of additional fees prior to the group routine beginning. The fee is always reasonable, and divided between the number of skaters in the routine.

Parents are expected to volunteer their time. In the weeks leading up to the show, sign up for volunteer positions will be available, from volunteering on the night of the Gala, to behind the scenes work needed in the weeks prior. Volunteering for Gala is mandatory if you have a skater participating. Without the help of volunteers, a Gala cannot run successfully. Please note: volunteering for Gala is NOT part of your volunteer bond.

The Gala is a lot of fun for skaters, coaches, and volunteers! Every private skater and StarSkater is encouraged to participate in such a fun event, where our skaters get to experience the true meaning of what it is like to be a part of a Club!

SHOWCASE: Moving forward we hope to have a showcase night on alternating years to our Gala, so families can see their skaters perform their solo.

Frequently Asked Questions

STARSKATE PROGRAM

When is my child ready to move to the Starskate program?

Movement from CanSkate to the Starskate program is based on the skater's ability. A Coach may recommend moving your skater into the Jr Starskate program, however you are also encouraged to speak to a coach before or after a session if you have questions.

When can my child stop wearing a helmet?

As per Skate Canada rules, it is mandatory for your child to wear a CSA certified ice helmet until the skater has completed their stage 5 CanSkate badge. Once completed stage 5 the decision lies with the parent and the coach collectively.

What is offered after the Starskate program?

After Starskate, your skater can enter private lessons if they choose to. Private lessons may be individual or group format but with a private figure skating coach. Synchro is another group type format program offered where skaters perform as a team. Pre-requirements are to have STAR 1 skills passed.

How long does it take to complete the Starskate program?

Many factors can affect a skater's rate of progress: amount of ice time, equipment, age, natural ability, whether or not they are attentive during instruction time and extra instruction in the form of private lessons are all key factors in how quickly your child learns the skills. **Remember there is no set standard of time.** Let your child progress at his/her own rate of development. If you are concerned about your child's progression please speak to one of the professional coaches. Remember to do this off the ice.

PRIVATE LESSONS

How do I know if my child is ready for private lessons?

Is your skater interested in moving forward with figure skating? Do they show a keen interest in the sport? Are they enthusiastic about participating? Can they work on their own without coach supervision? If you answered yes to these questions, your child is ready to take on private lessons.

Will a coach approach me to let me know my child should take private lessons?

No. Coaches will not approach you in regards to private lessons. If you are interested in knowing if your child should take private lessons you can talk to any of our coaches and they would all be happy to answer the questions you may have.

How do I pick a coach for private lessons?

You should always take into consideration who your child works well with and appears to have built a connection with: You can read about all of MSC coaches on our [website](#). Once you have decided on a coach you will need to contact them to discuss your options in person or via email, found under coaches info on our website.

If I take private lessons does that mean I have to compete or take assessments?

No. You can take private lessons just to further your knowledge, love and skills in skating. There is no pressure to compete or take assessments.

When I register for private lessons are there any additional costs?

Yes. When you register you are paying for ice ONLY. You are still responsible to pay for coaching fees and any off-ice classes that are not built into your session. You will need to contact the coaches to find out current rates. Additional fees come with your skater taking assessments, attending competitions, Gala participation- specifically costumes.

SKATES AND SHARPENING

What is the difference between figure skate sharpening and hockey sharpening?

The answer is simple, A LOT! Figure skating blades must be ground to create a hollow. The depth of the hollow depends on the skater's preference and the discipline they skate in (freeskate vs dance). The hollow creates two edges, inside and outside. Big rule of thumb is: **NEVER EVER give your figure skates to someone who only sharpens hockey skates or uses any automated skate sharpening machines which are found at some arenas.** Trust your skates to someone who knows what they are doing.

Where can I get my skates sharpened?

The Mission Skating Club highly recommends you get your FIGURE SKATES sharpened at [Skater's Edge Figure Skating Boutique](#). Unit 10-145 Schoolhouse St. Coquitlam, BC.
Skater's edge also sells figure skates and attire.

How frequently should I sharpen my skates?

Once you feel that your edge is slipping, skidding or you lack control you feel you normally would have, it is time to sharpen. Some skaters don't mind slightly dull blades while others find they require them to be really sharp. Skaters should take notice how they like their blades so that they can get them sharpened early enough (or close enough) to competitions and assessments so that they are perfect when the time counts. General rule is about every 20 hours of skating time. Skate guards should be worn at all times when off the ice and ensure skates are properly dried and stored when not skating. Please Note: skating on very rough ice (public skate sessions/ outdoor frozen ponds) dulls the blade much faster, so keep that in mind.

What type of skates should I buy?

The type of skates you choose to wear will reflect what discipline you are learning to skate for. Those interested in Figure skating or recreational skating will prefer a figure skate, while those keen on hockey or ringette should be in hockey skates. Skaters who want to move into the StarSkate program or private lessons must wear figure skates. Skater's edge, as mentioned above, can help!

PROGRAM ASSISTANTS (PA's).

What is a Program Assistant (PA)?

MSC Program assistants are quality skaters from our club who have been trained to assist our professional coaches on the CanSkate, Preschool CanSkate, and sometimes StarSkate sessions. PA's are volunteers; their role is to help young skaters practice the skills they have learned with the professional coaches during club programs and to make sure the children are having fun while they are learning to skate.

How do I become a PA?

Any Skater who is registered with the Mission Skating Club, who is in good standing with Skate Canada and ranks acceptable maturity and ability is required to be a program assistant up to and including grade 11. More thorough information is available from the Program Assistant Coordinator.

SKATING ATTIRE

What is proper practice attire?

The MSC encourages clothing that allows a skater to move freely. Exercise wear, figure skating attire etc. (no jeans). Long hair is expected to be tied back.

BUY-ONS

What is a "buy-on"?

A buy on is a skater purchasing time on MSC private skating session that the skater is not registered for but qualifies to skate on. Like a Drop in.

Who can buy-on?

If you are a Starskater, junior, intermediate or senior private skater you have the opportunity to "buy-on" to a session that you are not registered for but qualify to skate on. Often, this happens when a coach, skater and/or parent wants an extra session to provide time to work on a difficult skating skill, or when preparing for assessments or competition. Please note: if a session is "full", then buy-ons are not allowed.

How do I know if I qualify to buy-on to a session?

You first must be a member of Skate Canada. Whether registered as a Mission Skating Club member, OR another Figure skating club. If you are a junior skater, you are able to skate on Jr. sessions, senior skaters skate on Sr. sessions etc. If the session is an OPEN session, all levels of skaters are allowed on this ice time. Brand new junior skaters and very advanced senior skaters should take precautions and should discuss with their coach if that particular open session is a good fit.

How do I purchase a “Buy-on”?

When you choose to come for an extra Buy-on session and BEFORE stepping onto the ice, you must:

1. purchase your buy-ons on uplifter, Log into your account and click the tab “[purchase products](#)”.
2. Scan your Buy-on ticket QR code on the MSC ipad (see music player).

What are Buy-on books?

Buy-on ticket booklets are available to purchase by MSC members ONLY.

One Buy on Booklet consists of 12 tickets and costs \$40. Each ticket represents one 15 min block. Please keep in mind that it is mandatory to purchase a FULL session. For example: if the session is 60 min, you must use 4 coupons. This includes group development if it is part of the session. To purchase buy-ons visit our [website](#)
